Ladies and Gentlemen!

For some time you deliver cytotoxic drugs with our safety notice "Yellow Hand".

The European Society of Oncology Pharmacy thanks you for your commitment to the safe identification of cytotoxic drugs with the "Yellow Hand".

You are conscientious with the safety of all people who might get into contact with cytotoxic drugs on the shipping route. Ensuring the safety, health, and sustainability of the global workplace is essential for everybody working in health care.

Because of your decision on safe labeling it is possible to take measures quickly and professionally in case of contamination.

It is very important for us to recognize your efforts and we will award you the "Yellow Hand Award 2013" associated with the entry as "safe labeling partner" on our homepage!

At our next congress ECOP 26-28 June 2014 in Krakow, Poland the official handover to a representative of your company at a champagne reception is planned.

We look forward to welcoming you as a partner of ESOP and remain with best regards.

Best Wishes

Klaus Meier
President of ESOP
