

### **Rules for nationally organized EUSOP-lectures**

1. The structure of the lecture prepared by the Education committee need to be followed. The national society can add extra slides but cannot delete anything from the original document.
2. Slides need to be created in English but can be presented in the local language.
3. The lectures will need to be checked and approved by the EUSOP Education committee.
4. The Education committee sends the basic lecture to the national society/ speaker. Society/ Speaker return what they want to add or modify separately and then the EUSOP Education committee will combine the lectures and send them back with the final approval.
5. Speakers for national trainings need to have the certification for “train the trainer” attendance or will have to watch the records who will be provided by the ESOP membership office if needed.
